Mission of Hope

VISION

As an organization following Jesus Christ, Mission of Hope exists to bring life transformation to **every man, woman, and child** in Haiti.

Mission of Hope isn't just an organization doing some good things. It is a group of Christ followers intent on living out the calling of the Church – every man, woman, and child having a repeated opportunity to hear and see the gospel of Jesus Christ. I have seen firsthand how that vision is being lived out through Christian education, church planting, pastor training, compassion ministries, orphan care and many other gospel centered expressions. That is why we have been excited to partner with MOH, and look forward to our future opportunities together for the glory of God and the good of the people of Haiti.

Mission of Hope RESOLUTIONS

RESOLUTIONS:

- Relational Proclamation
- Evangelistic Saturation
- Indigenous Mobilization
- Holistic Transformation
- Excellent Implementation

“The leadership of MOH understands that indigenous mobilization is a non-negotiable resolution to transforming a nation. The only hope to truly changing Haiti is to build an army of Haitian leaders to deliver Gospel solutions to Gospel needs and that is exactly what they are focused on executing.”

CHURCH ADVANCEMENT

WHAT IS CHURCH ADVANCEMENT?

Church Advancement is Mission of Hope working with churches around the world to strategically partner with local Haitian churches to bring life transformation to every man, woman, and child in their villages. Each village will have local Village Champions who are trained and equipped to see and meet the needs of the specific people in their own village in four primary areas.

In societies where healthy networks are nonexistent, churches can be one of the best means of bringing stability and strength. Mission of Hope has seen the great potential for Haiti in supporting churches and developing their pastors and has made a major commitment to that end.

EDUCATIONAL ADVANCEMENT

WHAT IS EDUCATIONAL ADVANCEMENT?

Mission of Hope believes that a Christ-centered education is fundamental to a healthy society, a growing economy, a stable political climate, and a thriving church. By investing in Haiti's children and youth through a Christ-centered curriculum like "Mwen Kapab" and by intentionally developing its future leaders, we believe we are making significant investment into the future of a transformed Haiti.

CHILD SPONSORSHIP

- 16 schools serving approximately 5,500 students in 2013-2014
- Teacher Training Center at MOH North Campus

MWEN KAPAB

- Means "I Can" in English
- Christ-centered curriculum by North American and Haitian educators that can be used in every school throughout Haiti

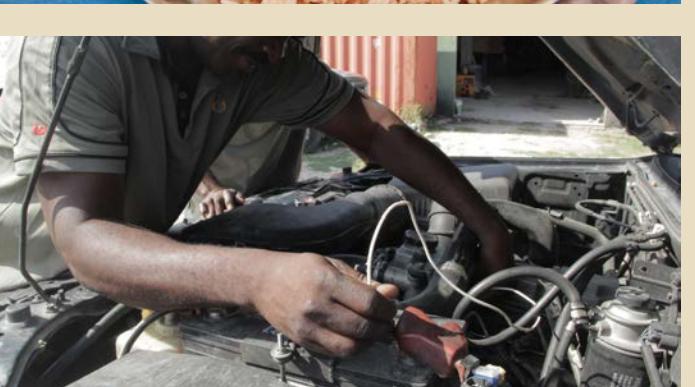

NUTRITION

- Feeding over 65,000 children daily
- 32,000 square foot food warehouse
- Goal of feeding 100,000 children per day by 2015

TECHNICAL SCHOOL

- Opens 2014
- Serving 1,300 students annually
- Training in agriculture, auto maintenance, construction, and computers
- Goal is to empower Haitian graduates with trade skills and business competency to launch or build businesses and rebuild their local communities

IMPACT OPPORTUNITY: Sponsor a child for only \$35/month

"The name of the curriculum is 'I can...'. In Haiti many people shrug their shoulders and say, 'Mwen pa kapab' (I cannot). We want to change this mindset to the truth that in Jesus Christ I can do all things...I can (Mwen Kapab) learn to read, write, do math, etc. I can become a child of God who can change my community because I have truth and light!"

MS. JOAN MARTINEAU

MOBILIZATION

WHAT IS MOBILIZATION?

In 2013, over 5,000 people personally came to partner with Mission of Hope to meet the needs of the Haitian people, and in the process of serving others while on a short-term mission trip, experienced a personal life change of their own. These individuals took back to their own communities the idea of meeting real physical needs with the intention of bringing life transformation to every man, woman, and child in their own personal spheres of influence.

WHAT YOU DO FOR A WEEK IS PART OF A GREATER PLAN!

IMPACT OPPORTUNITY: Personally invest a week of your time with the people of Haiti

 - Prosthetics

When considering who to partner with in regards to reaching other countries with aid and the Gospel, Mission of Hope was a clear and obvious choice. I have been on several trips to MOH and every time the team we take returns to Dallas changed. A trip to MOH helps us to see the world as Jesus does. MOH strives to love Haiti as Jesus does, reaching every man, woman, and child. That vision, Jesus' vision for the Gospel, is contagious and returns with us to our city.

Upon returning to Dallas after a trip to Mission of Hope and watching their translators go door-to-door in their own villages, we thought we should do the same. We've now started an in-city-mission trip, where our young adults walk the streets of Dallas sharing the love and hope of Christ. I am so grateful to MOH, not only for the opportunities they give us to love Haiti, but for the way they push us to love Dallas as Jesus would.

HOW WE USE FUNDS RECEIVED TO TRANSFORM LIVES

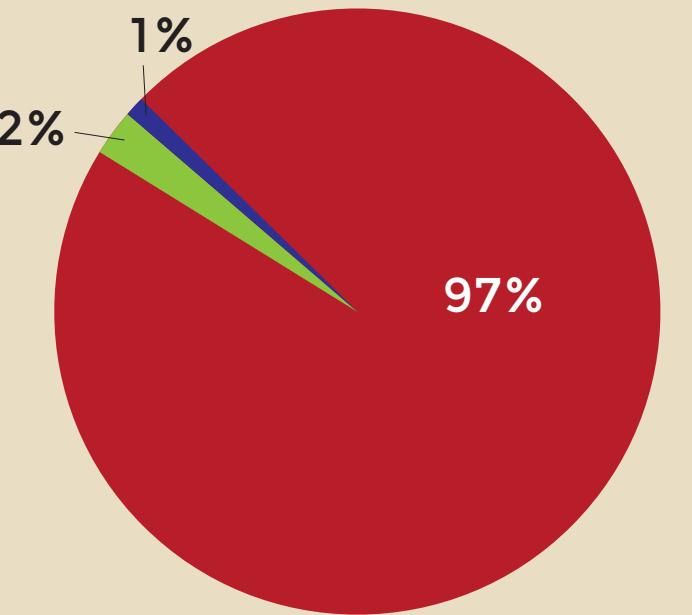

The Vision of MOH is clear: "As an organization following Jesus Christ, Mission of Hope exists to bring life transformation to every man, woman, and child in Haiti. We desire to serve the nation of Haiti, and see lives changed." As we seek to fulfill our Vision in every endeavor we undertake, we have as one of our Core Resolutions "Excellent Implementation," meaning that all resources and talents will be used responsibly to their fullest potential for God's glory, maximizing and distributing them to where they are most needed.

- Over 90% of all gifts that came into Mission of Hope in 2012 went directly to Haiti, to bring about that life transformation for every man, woman, and child.
- All of our programs are carefully and consistently monitored to ensure maximum impact for the people of Haiti.
- We are thankful for every person who entrusts their resources to MOH to advance God's Kingdom in Haiti.

FINANCIAL STATEMENT

All charitable donations are tax deductible, in full or part. Mission Trip payments are NOT tax deductible as a charitable donation, because we offer refunds to team members that are not able to make the trip. The Board of Mission of Hope has implemented the policy that all donations for a specific project will be used specifically for that project, with a maximum of 10% being used for administrative and fundraising expenses. When there are excess funds designated for a specific project, those funds will be allocated to a similar project that continues to further the Vision of Mission of Hope.
